Changes:
The IT Officer has left the team. The Deputy President has taken over the role of IT.

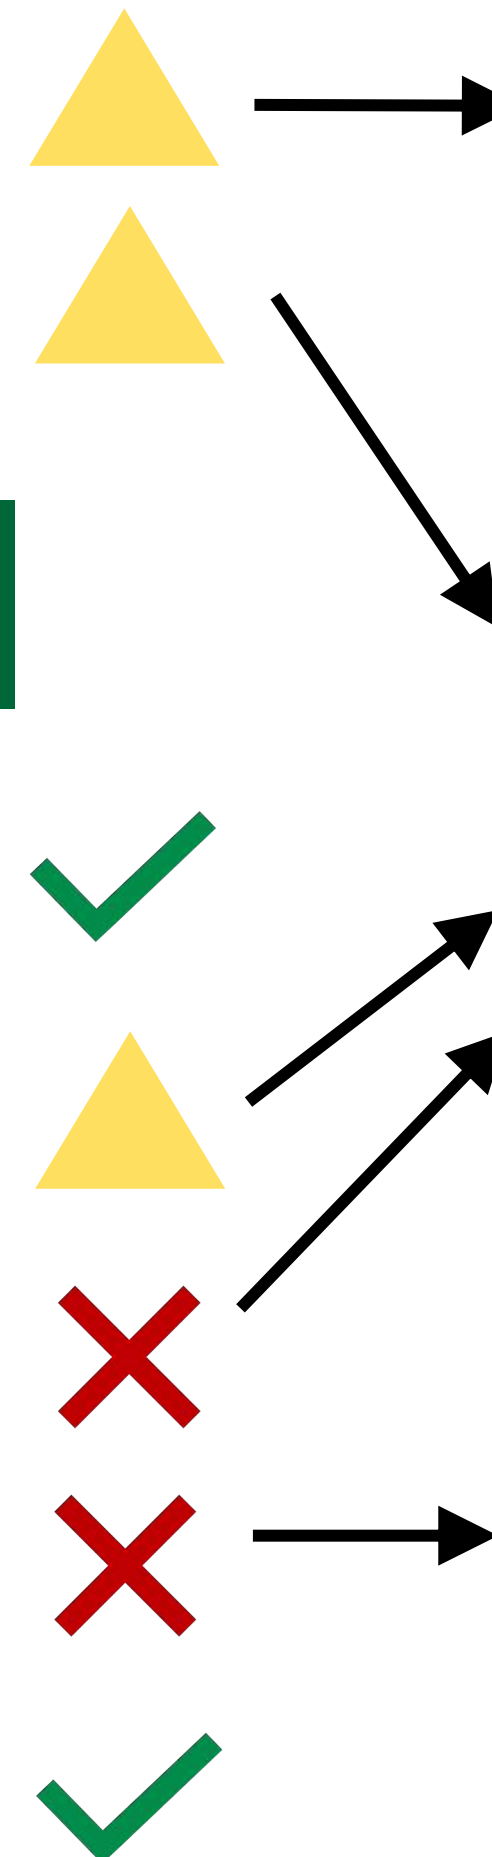

Past Objectives

Carried over from previous quarters

- New website.
- Launch of member sales campaign.

Oct, Nov & Dec 2019

- Ongoing co-creation of services via the Pioneer Programme.
- Ongoing member sales campaign.
- Establishment of financial infrastructure.
- Appointment of Advisory Council.
- Branch guide finalisation.

Challenges

With the departure of our IT Officer, progress on further developing the website has been delayed. The Deputy President has taken up the responsibility and will henceforth work on the technical development of the site.

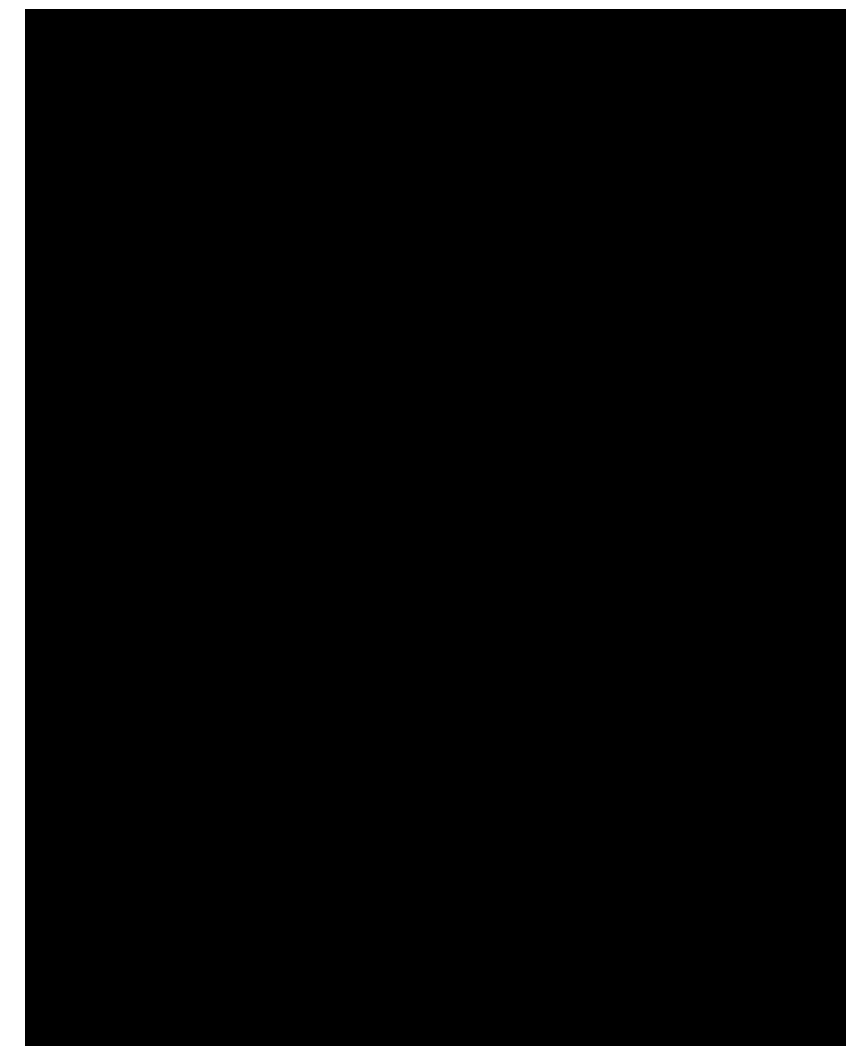

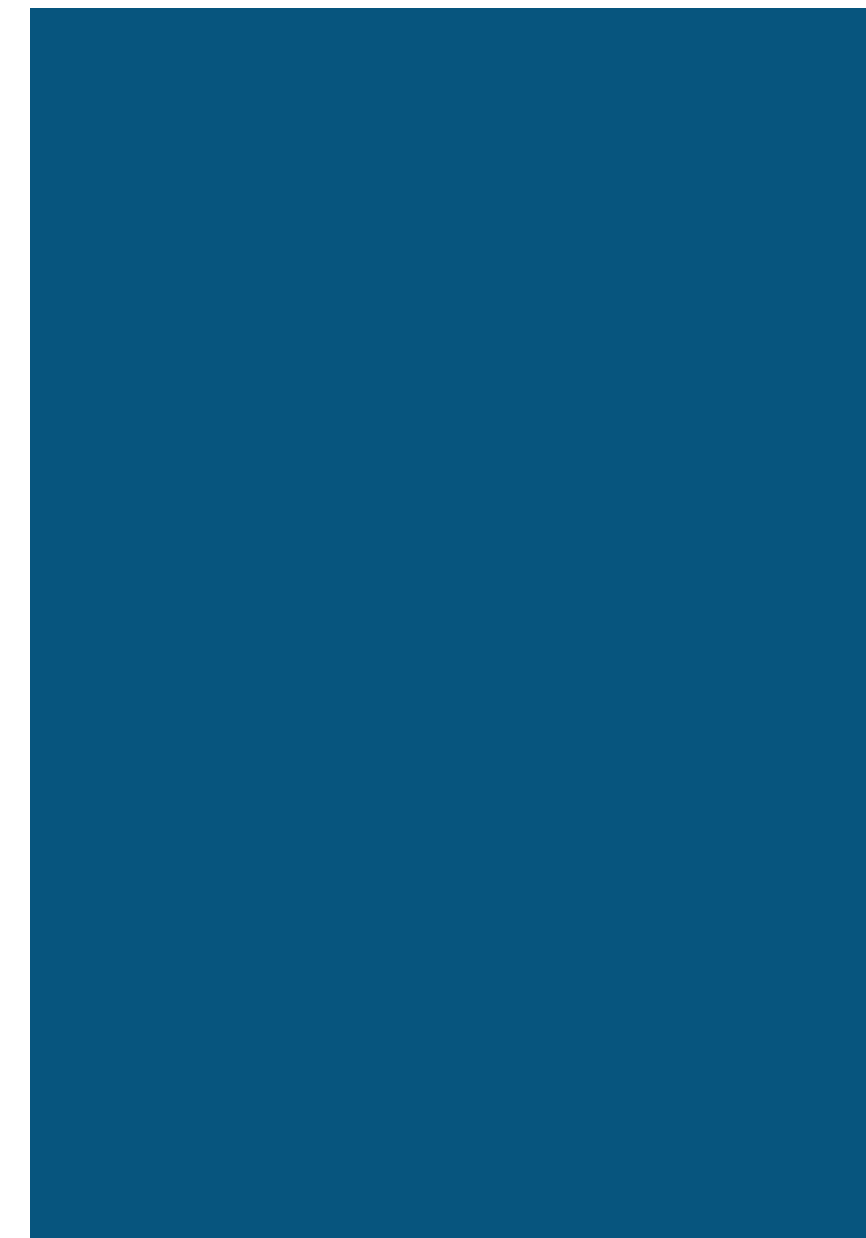

Documentation from the Kenyan NGO Coordination Board necessary to open-up a bank account is still pending. In the meantime we have initiated efforts to register an entity in Japan. Furthermore, we have recruited nearly all 6th batch participants as members.

Due to scheduling difficulties the Board and Executive Management could not make progress in appointing an Advisory Council. Task to be done in the next quarter.

Next Steps

Objectives for the final quarter of
the Year Plan.

Upcoming Objectives

Q1

Jan, Feb & Mar 2020

- Launch of services from the Pioneer Programme.
- Reach member sales targets.
- Finalisation of constitutional amendment and submission to member base for approval.
- New Board Elections.
- Renewal of Executive Management.
